CPCCE3028 Remove Non-Friable Asbestos

Release #: 1 | Release Date: 04/02/2026

Course Description

This unit of competency specifies the outcomes required to remove non-friable asbestos containing material (ACM).

It includes preparing, containing and removing non-friable ACM, and knowledge of decontamination and disposal requirements.

Site location can be a real workplace or simulated environment that may include domestic or commercial premises, a demolition site, a new worksite or an existing structure being renovated, extended, restored or maintained.

Project sites for removal of non-friable asbestos include construction sites, ships and soils.

Licensing/regulatory information

The model work health and safety (WHS) regulations and the Code of Practice: How to safely remove asbestos (2018) requires workers to hold certification for the class of licensed asbestos removal work they will be undertaking. Completion of this unit of competency is certification to undertake non-friable (Class B) removal work.

Occupational licenses are required nationally. This unit is required for all ACM removal workers engaged in the removal of more than ten square metres of non-friable ACM.

Candidates are advised to consult with the relevant state and territory regulatory authorities to confirm specific jurisdictional licensing requirements to remove non-friable ACM.

Target Cohort / Entry Requirements

This course is intended for:

Individuals who are required to safely remove or handle non-friable (bonded) asbestos as part of their work, including:

- Construction and demolition workers involved in renovation, refurbishment, or site clearance activities.
- Tradespeople such as carpenters, electricians, plumbers, and builders who may disturb asbestos-containing materials.
- Maintenance and facility workers carrying out repairs or upgrades in older buildings.
- Asbestos removal workers (Class B) seeking licensing or certification to legally remove more than 10m² of non-friable asbestos.

- Supervisors and contractors responsible for overseeing asbestos removal work and ensuring compliance.
- Anyone working in environments where asbestos is present or suspected, including residential, commercial, or industrial sites.

This course is particularly suited to those who must meet WHS regulatory and licensing requirements for asbestos removal and ensure safe handling, removal, and disposal practices.

Entry requirements may include:

- Prerequisite unit CPCWHS1001 Prepare to work safely in the construction industry
- Language, literacy, numeracy and digital skills (LLND test may apply)
- Minimum age of 18 (If under 18 parental consent is required).
- Physical requirements - A participant must be in good health and medically fit for work.
- All students participating in VET qualifications are required to have a Unique Student Identifier (USI).
- The RTO will provide the prospective student with a Course Suitability Checklist that will help the student and the Trainer / Assessor if the course is relevant and applicable to students' needs.
- The RTO will provide constructive and honest feedback to the prospective student if it is decided that the VET student does not yet have the LLN+D skills or meet the entry requirements to cope with the rigor of the training and assessment material and process.

Selection Criteria

Learners should demonstrate:

- Reading and writing ability in varied contexts
- Oral communication and comprehension skills
- Basic numeracy and mathematical problem-solving

Course Duration & Delivery

- **Delivery Mode:** Face-to-face
- **Delivery Location:** 1/6 Pippita Close Beresfield NSW 2322
- **Duration:** 16 hours (2 days)

Assessment Information

Assessment methods may include:

- Written tasks
- Practical demonstrations
- Simulated tasks

Resources to be provided by the VET Student

- Transport to training facility.
- Appropriate clothing, closed-in footwear.
- Students will be required to provide their own digital devices, able to access reliable internet

Resources and services to be provided by the RTO

- A safe, inclusive and engaging learning environment.
- Pre-enrolment processes to ensure the course is appropriate and suitable for VET Students' needs.
- Access to LMS with personal secure login
- All Learning and Assessment resources.
- Public liability Insurance Cover (for on- and off-site training).
- Risk assessed facilities, equipment and processes for safety and duty of care, including accessibility.
- Policies and procedures to ensure and monitor delivery of high-quality services.

Course Fees

- **Total Course Fee:** \$699.00 per person

Please note all course fees must be paid before issuing qualifications.
